<b>Time Frame</b>	<b>Agenda Item (s) /Notes</b>	<b>Person (s) Responsible</b>
<i>Time for discussion</i>	<i>(Agenda Item)</i>	<i>Who is leading discussion on item?</i>
<b>7:30</b>	<p><b>Cork strips</b> – The committee approved a request to have cork strips placed throughout the school. The strips can be used to display student work outside the classrooms.</p> <p>The committee approved the initial \$300.00 to begin the project and more if need be to finish it.</p>	
<b>7:40</b>	<p><b>EPSS</b> – Mark and Marcie discussed the EPSS and described the new format which will be online eventually for observation. Our EPSS is based on goals and those strategies being used to achieve them. Data is a big part in fulfilling the EPSS goals for Madison.</p> <p>This is the trend across the district and is what the state department expects when validating our success here at Madison. The EPSS is due by the end of October and will be formally evaluated by and outside review team.</p> <p>Marcie suggested creating a tri-fold brochure which will include the highlights of our EPSS. This tri-fold would be given to staff and the community in order to keep everyone in the know about the goals here at</p>	

	Madison.	
<b>8:00</b>	<p><b>Proposed Schedule for teachers versus Volleyball A-team match</b> – After a short discussion about the best possible schedule for the Tuesday, November 23<sup>rd</sup> match, it was decided that we would use the advisory schedule for that day. The only difference is that students will not be released to their advisory classes instead teachers will have a double 6<sup>th</sup> period.</p> <p>The way this will work is teachers will have their 6<sup>th</sup> periods that day from 1:25 – 3:05. I will provide a sign up sheet for the first 18 teachers who want to attend the event.</p> <p>Teachers who choose not to attend and those that do not make the sign up list will have the opportunity to do something with their individual classes as they choose.</p> <p>An e-mail will be sent to all staff when the sign up sheet is available and where it will be located.</p>
