Request To Decline High School Credits Taken In Middle School

Students have the option to request that credit earned for high school courses taken at the middle school not be posted to the high school transcript. The request must be made before the last day of school in the 8th grade year. Students and Parents should complete the form below and return it to your middle school Principal. Students and Parents should consider the following impact when making this decision.

Algebra 1 - I request that my Algebra 1 credit not be posted to my high school transcript. I understand that if I decline to have this credit posted, I will be required to complete 4 years of Math in high school in order to meet my graduation requirements.

_____ _____

Student Name Student ID Number
