

We have 14 days left in our online Titlewish fundraiser, and we're 8% toward meeting our goal.

We'd like to thank everyone who's already donated and remind those of you who haven't had a chance that this fundraiser ends on February 17.

As a reminder, 100% of the money we raise will go directly to purchasing new materials for our school library. We're going to use this money to purchase eBooks for our school. Students can use eBooks online for work at home or to supplement assignments. Ebooks can be used in the classroom with the interactive whiteboards.

Once again, funding for school libraries will be lean. Mil Levy allotments were cut twice since the start of the 2011-12 year. Materials monies from the legislature will likely be nonexistent this year. We are hoping to offset the shortfall through community support.

You can still donate, just visit www.titlewish.com/101327 and click the Donate button.

Thank you again for helping us to provide Madison students with the best education possible!
